### **DETAILED ACTION**

2. In view of Amendment filed October 19, 2004, claims 1, 21 has been cancelled.

Claims 2-20 are pending.

3. In view of the allowability of the elected Group I invention, the Group II invention, which relates to the process of making the allowable Group I invention, is rejoined.

Therefore, claims 2-20 examined with merit.

### ***Allowances***

6. Claims 2-20 are allowed.

7. The following is an examiner's statement of reasons for allowance:

As of the date of this office action, the examiner has not located or identified any reference that can be used singularly or in combination with another reference including the closest prior art of Satomi et al. (US 4,734,135) and Chiou et al. (US 5,606,015) to render the present invention anticipated or obvious to one of ordinary skill in the art.

In light of the above discussion, it is evident as to why the present claims are patentable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
